

**Joint Cancer Genetics Meeting and  
15<sup>th</sup> International Meeting on the Psychosocial Aspects of Hereditary Cancer  
(IMPAHC)**

**24th – 26th September 2017**

**Sunday 24th September 2017 : Cancer Genetics Meeting**

8.00am	<b>Cancer Genetics 101 Workshop for Clinicians</b>
8.10am	Registration and welcome address What is cancer genetics? Somatic vs Germline <i>Professor Dr Teo Soo Hwang (Cancer Research Malaysia)</i>
9.00am	Testing platforms and overview of genetic testing technology <i>A/Prof Dr Lee Soo Chin (Director of Research, National Cancer Science Institute, Singapore)</i>
9.30 am	<b>Tea Break</b>
10.00am	<b>Genetics in Oncology</b> Stratified Risk Assessment Approaches for Cancer <i>Professor Gareth Evans, Genetics Medicine, St Mary's Hospital, Manchester</i>
10.20am	Mainstreaming Genetics into Oncology <i>Dr Angela George (Consultant in Oncogenetics, The Royal Marsden)</i>
10.40am	Mainstreaming of BRCA testing for Ovarian Cancer in Malaysia <i>Prof Dr Woo Yin Ling (University Malaya Medical Centre)</i>
11.00am	<b>Genetic Testing</b> Lung Cancer <i>A/Prof Dr Tho Lye Mun (Clinical Oncologist, Sunway Hospital)</i>
11.30am	Gastrointestinal Cancer <i>A/Prof Ho Gwo Fuang (Clinical Oncologist, University Malaya Medical Centre)</i>
12.00pm	Breast /Ovarian Cancer <i>Dr Joanne Ngeow (Head, Cancer Genetics Services, National Cancer Centre Singapore)</i>
12.30pm	<b>Lunch</b>
1.30pm	<b>Germline Mutation</b> Overview of guidelines on germline mutation testing <i>Professor Dr Thong Meow Keong (University Malaya Medical Centre)</i>
1.50pm	The Identification of Psychosocial Problems Encountered by Patients Undergoing Genetic Testing <i>Professor Eveline Bleiker (Netherlands Cancer Institute)</i>
2.10pm	Medical, Legal and Insurance Issues TBC
2.30pm	<b>Risk Management for Mutation Carriers</b> Breast Cancer <i>Professor Nur Aishah Mohd Taib (Breast Surgeon, University Malaya Medical Centre)</i>
2.50pm	Ovarian Cancer <i>Dr Suresh Kumarasamy (Gynaecologist, Gleneagles Hospital, Penang)</i>
3.10pm	<b>Tea Break</b>
3.30pm – 4.30pm	<b>Somatic Panel Testing : Hype or clinically relevant (Debate)</b> <i>For : Dr Lee Soo Chin, Dr Tho Lye Mun</i> <i>Against : Dr Muhammad Azrif, Prof Ho Gwo Fuang</i>
3.30pm	<b>Workshop 1</b> Mainstreaming Cancer Genetics : practical aspects of training oncology and surgical health professionals <i>(Margaret Gleeson, Hunter Family Cancer Service, Australia)</i>
5.30pm	<b>END</b>

Monday 25<sup>th</sup> September 2017

**15th International Meeting on the Psychosocial Aspects of Hereditary Cancer**

8.30am	<b>Registration</b>
9.00am	<b>Welcome address</b>
	<b>Psychosocial Impact of Genomic Testing</b> <b>Chairperson :</b>
9.15am	Uncertainty and Meaning-making in cancer genetics ( <i>Professor Aad Tibben, Leinden University</i> )
9.45am	"Help is out there": Pilot test results for a decision aid to assist genomic research participants notified of clinically actionable research findings ( <i>Amanda Willis, University of New South Wales</i> )
10.00am	<b>Tea</b>
	<b>Information and counselling for relatives</b> <b>Chairperson :</b>
10.30am	Access to genetic counselling among adult children of BRCA mutation carriers ( <i>Dr Julien Mancini, INSERM</i> )
11.30am	Genetic information disclosure to offspring in BRCA mutation carriers. ( <i>Dr Anne-Déborah Bouhnik, INSERM</i> )
12.00pm	<b>Lunch</b>
	<b>Psychosocial aspects and Acceptance of risk reducing surgeries</b> <b>Chairperson</b>
1.00pm	The development of an online Decision Aid to support women in decision making about breast reconstruction ( <i>Prof Dr Eveline Bleiker, Netherlands Cancer Institute</i> )
1.30pm	Impact of informing unaffected female BRCA1 mutation carriers that their early oophorectomy has not significantly reduced their breast cancer risk ( <i>Prof Gareth Evans, University of Manchester</i> )
1.50pm	Catalysts to action towards cancer risk management: A longitudinal study of reproductive aged women with BRCA mutations. ( <i>A/Prof Allison Werner-Lin, University of Pennsylvania</i> )
2.10pm	Factors that influence adjustment and satisfaction with body image and intimacy in younger women post bilateral prophylactic mastectomy: A qualitative analysis. ( <i>Rachel Glassey, University of Western Australia</i> )
2.30pm	<b>Tea Break</b>
	<b>Cross cultural issues in providing genetic information</b> <b>Chairperson :</b>
3.00pm	Challenges in Genetic Counselling in India ( <i>Prof Dr Rajiv Sarin, Tata Memorial Hospital</i> )
3.30pm	Psychosocial barriers in uptake of cancer genetic testing in Singapore ( <i>Dr Joanne Ngeow, National Cancer Centre, Singapore</i> )
4.00pm	<b>Workshop 2</b> Hope based intervention for those susceptible to hereditary cancer ( <i>Professor Samuel Ho, City University of Hong Kong, A/Prof Ng Chong Guan, University Malaya</i> )
5.30pm	<b>End</b>
7.00pm	<b>Conference Dinner</b>

Tuesday 26<sup>th</sup> September 2017

9.00am	<b>Mainstreaming of Cancer Genetics</b> <b>Chairperson :</b> The UK Experience ( <i>Dr Angela George, The Royal Marsden</i> )
9.30am	The Australian models ( <i>Prof Bettina Meiser, University of New South Wales</i> )
10.00am	Mainstreaming of BRCA testing for Ovarian Cancer in Malaysia : Is it feasible? ( <i>Yoon Sook-Yee, Cancer Research Malaysia</i> )
10.30am	<b>Tea</b>
11.00am	<b>Psychooncology support in hereditary cancer</b> <b>Chairperson :</b> Resilience and Coping Intervention for Mutation Carriers ( <i>Professor Samuel Ho, City University of Hong Kong</i> )
11.30am	Psychooncology in a developing country ( <i>A/Prof Ng Chong Guan, University Malaya</i> )
12.00pm	<b>Lunch</b>
1.00pm	<b>Free papers</b> Breast Cancer Choices - A decision support tool for young women with breast cancer choosing whether to have genetic testing for BRCA1/2 ( <i>Chloe Grimmett, University of Southampton</i> )
1.20pm	The chemopreventative effect of aspirin in Lynch syndrome carriers: Development and evaluation of an educational leaflet ( <i>A/Prof Kristine Barlow-Stewart, University of Sydney</i> )
1.50pm	Psychosocial Aspects of Mainstreaming Genetic Counselling for Genetic Testing of BRCA1 and BRCA2 in Ovarian Cancer Patients in Malaysia ( <i>Wong Siu Wan, Cancer Research Malaysia</i> )
2.10pm	Uptake of polygenic risk information among women at potentially high breast cancer risk ( <i>Tatiane Yanes, University of New South Wales</i> )
2.30pm	Clinicians' perspectives on breast cancer risk management for BRCA mutation carriers in Malaysia ( <i>Kar See Yeoh, University of Malaya</i> )
3.00pm	<b>Tea Break</b>
3.30pm	<b>Panel discussion : Should we have universal panel testing for cancer risk?</b> Prof Gareth Evans, Prof Add Tibben, Prof Bettina Meiser, Prof Eveline Bleiker,
4.30pm	Prize giving, conference survey
5.00pm	<b>End of Conference</b>
